

Hyde Park Feb. 13/71

Dear brother Garrison

5- I was so glad
you did not come to Hyde Park at
any of the times proposed, the weather
being so unfavorable our anxiety a-
bout you would have detracted great-
ly from the pleasure of your visit.

We still ^{want} hope to see you, but hope you
will wait until the weather is mild
& pleasant & we will be impatient for
the good time coming.

I received a letter lately

from our nephews at Lincoln Un. Law
School. They want much to own your
photograph & autograph, if you have a
picture to spare will you put your
name on the back & send it to them.

Their address is Messrs Grinnick's.

Lincoln University,

Oxford,

Pennsylvania.

I want them also to have the
Vol. of your speeches please tell me
where I can procure it.

Have you seen Genl. How-
ard's Report of Commencement at
How. Un. His visit to Lincoln Un.
He speaks in the most flattering terms

of a speech made by one of them, I hope all the praise they elicit will not engender odious self-conceit, that would ruin them.

Is it not remarkable that these young men should far exceed in talents any of my other Grimké' nephews, even their half brothers bear no comparison with them. My brother Thomas' sons, distinguished as he was, are far inferior to them in intellectual power.

How is dear Fannie. Love to her, to Ellen & Frank, I love to think of him as the daughter son—

Yours most affy. S. M. Grimké

Thank you for the note about the lady—
